

ACCREDITED BY SNRO AND CPION ACCORDING TO PLATO REQUIREMENTS WITH 40 EC
 DURATION: 1 YEAR
 TUITION FEE: € 2.100,-

Foundations of Western Medicine

This intensive training in Western medicine is designed for anyone who is studying physically based complementary medicine in order to gain knowledge in anatomy, physiology and pathology at a professional level.

In addition to anatomy and pathology, the curriculum also includes topics such as medical ethics, health law, pharmacology and psychosocial topics which are in line with modern medical practice.

The education here is characterised by a lively, interactive teaching method. After presenting the theory, work is done in subgroups to consolidate the curriculum. Students give presentations on a chosen subject and they practise with diagnostic skills.

The curriculum is set up according to the so-called PLATO standards, drawn up by Dutch health insurers. These standards are regularly updated to stay in line with the requirements of the professional situation. This programme is accredited by SNRO and CPION.
